

# DESIGN YOUR OWN PESTY CHARACTER

Think of a pest, it can be an insect, an arachnid, or an animal.

Give it a name and think about what kind of character they might be.

Are they good like Strix the mouse the hero of my book, nasty like Maximus the class bully, or evil like the cockroach Professor Armageddon?

On a piece of paper, draw a picture of your pest and put its name above it. Then underneath, tell me all about it, what does it like, what does it hate, what special pesty skills does it have?

Once you have finished please send it to me @ [ask.emerstamp.com](mailto:ask.emerstamp.com) - I would love to see it.
